ABOUT US

NETWORKING LEADERS

WTC S.r.l. (World Trade Center Trieste) was established in 2015 and belongs to the **World Trade Centers Association (WTCA)** network, located in New York. The WTCA is the association for the promotion and development of trade known worldwide. The WTCA was founded in 1970, located until 2001 in the “Twin Towers” of Manhattan.

Today, the WTCA is in the “Equitable Building” at 120 Broadway. It is **active in 90 countries**, with more than 300 iconic real estate complexes, with over 15.000 experts in the field of international trade, able to assist its Members, which are over than **1 million** companies on a global level.

The WTC Trieste administrative offices are located in Via San Nicolò 15, on the 3rd floor.

The company's team is constantly involved in activities, events, seminars organized by the WTCA and WTCs to ease **networking opportunities** as a benefit for our Member companies. WTC Trieste collaborates with the local institutions and main associations to **promote services and support the internationalization process of the member companies** (Chamber of Commerce, General Confederation of Italian Industry, Area Science Park, Ports, Airports, etc.).

WTC Trieste specializes in assisting companies on an international level, in organizing training courses and international events.

LOCATION

WORLD TRADE CENTER TRIESTE

The building hosting WTC Trieste is located in a strategic position in the city centre and near the Port of Trieste.

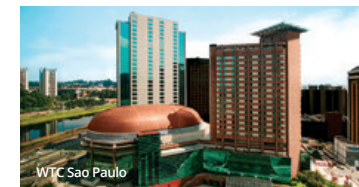

It is two-minute far (walking distance) from Piazza Unità d'Italia (the city main square), ten-minute far from the railway station and forty-minute far by car from the Trieste airport.

Trieste is one of the main centre in Europe for trade, logistic, research and science applied to industrial innovation, shipbuilding, culture, education and tourism.

The city has a strategic position and connects the main European markets. The Port of Trieste is a major trade hub thanks to its significant commercial shipping industry, busy container and oil terminals and steel works. It is the preferred gateway for the European markets and since 1719 it enjoys the status of customs free port.
